Highway 12-Jameson Canyon Closures Scheduled Overnight Wednesday

NAPA AND SOLANO COUNTIES – The California Department of Transportation (Caltrans), the Solano Transportation Authority (STA), and the Napa County Transportation and Planning Agency (NCTPA) will be moving safety barriers Wednesday night as part of the Highway 12 Jameson Canyon Widening Project in Napa and Solano Counties.

One-Way Traffic Controls

To ensure worker and public safety, one-way traffic controls will be in effect on Highway 12 between Highway 29 and Lynch Road in Napa County beginning Wednesday, April 17th at 10 p.m. and be completed on Saturday, April 20th at 5 a.m.

During one-way traffic controls, one lane of traffic will remain open at all times with flaggers alternating eastbound and westbound traffic. The traffic controls will be in effect Wednesday, Thursday, and Friday starting at 10 p.m. and be completed the following mornings at 5 a.m. All work is weather permitting.

Full Overnight Highway Closures

In addition, Highway 12 between Highway 29 and Red Top Road are scheduled to be closed for approximately one-hour between Wednesday at 11 p.m. and Thursday at 5 a.m. During the closure, CHP will be escorting an oversize permit-load through the construction zone which will require a temporary highway closure.

Highway 12-Jameson Canyon Detour

During the overnight highway closure, eastbound Highway 12 motorists are advised to use southbound Highway 29 to eastbound Highway 37 to eastbound Interstate 80. Westbound Highway 12 motorists should use westbound Interstate 80 to westbound Highway 37 to northbound Highway 29.

Local access is available for Jameson Canyon residents and emergency vehicles only. Caltrans will also install electronic message signs. Motorists should allow for extra travel time. Additional project information is posted on the Caltrans' Highway 12-Jameson Canyon webpage at: <http://www.dot.ca.gov/dist4/12jamesoncanyon/>
